Notes:													
(a) This water is imported from the West Branch Feather River to Butte Creek by PG&E via Toedown Canal, De Sable Power Plant, and Centerville Power Plant. The import water is measured by a 10-foot parshall flume designated by PG&E as BW-12. Five percent is subtracted from the water measured at the parshall flume as conveyance loss between the flume and Diversion 50. See paragraph 37.													
(b) July 1 to September 30. Total decreed diversions from Butte Creek and Hamlin Slough not to exceed 21.7 cfs. See paragraph 80.													
(c) April 1 to September 30. See paragraph 81.													
(d) April 1 to June 15. See paragraph 82.													
(e) 15.00 cfs from April 1 to June 30 and 6.70 cfs from July 1 to September 30. Total decreed diversions from Butte Creek and Hamlin Slough not to exceed 21.7 cfs. See Paragraph 83.													
(f) April 1 to September 30. See paragraph 84.													
(g) 25.00 cfs from April 1 to October 15 and 5.00 cfs from October 16 to March 31. See paragraph 85.													
(h) Entire year. See paragraph 86.													
(i) April 1 to June 15. See paragraph 87.													
(j) All SWRCB Appropriative water rights are inferior to the adjudicated water rights defined in Decree 18917 and 60 cfs for fish flows. See License Nos. 11046 and 11044 for details.													
(k) Application No. 22534, License No. 10432 March 1 to June 15.													
(l) Application No. 22564, License No. 10433 March 1 to June 15.													
(m) Application No. 22039, License No. 11046 April 1 to June 15.													
(n) Application No. 22321, License No. 11044 April 1 to June 15.													
(o) Western Canal is not included in watermaster service area.													
(p) 0.82 cfs for the entire year plus 3.00 cfs from May 1 to October 1. See paragraph 71.													
(q) 1.00 cfs for the entire year plus 3.58 cfs from May 1 to October 1. See paragraph 71.													
(r) 0.80 cfs for the entire year plus 3.00 cfs from May 1 to October 1. See paragraph 72.													
(s) April 1 to September 15. See paragraph 74.													
(t) April 1 to September 15. See paragraph 75.													
(u) 1.00 cfs for the entire year plus 14.00 cfs from April 15 to June 30. See paragraph 73.													
(v) 6.70 cfs from April 1 to June 30 and 21.70 cfs from July 1 to September 15. See paragraph 76.													
(w) Total decreed diversions from Butte Creek and Hamlin Slough not to exceed 21.7 cfs. See paragraphs 73, 80, and 83.
